Fabrication Details:

This quote is based on receiving equipment suitably fabricated for Heresite coating. Soft solder, dirt, grease, oil, paint, etc. are not permissible. All equipment must be thoroughly degreased prior to our receipt.

Freight Terms:

Inbound shipments to Heresite are to be prepaid. Outbound shipments from Heresite will be sent freight collect or third party billing to our customer or the consignee.

Completion Time:

Approximately two (2) weeks after receipt of product. The time may vary based on our production schedule at time of receipt.

Packaging Requirements:

Our price is based on receiving the units with suitable crating. An additional charge will apply if we are required to furnish, modify, or reinforce any crates for return shipment.

Prices do not include any local and/or state excise, sales, or use taxes or other similar governmental charges which are the responsibility of the buyer.

This quote is valid for 90 days.
